A TRIBUTE TO DAVID MERRICK

A tribute to the prolific Tony Award-winning American theatrical producer David Merrick, featuring songs from his musicals and reminiscences by colleagues. The tribute will include performances by **Lee Roy Reams** (*42nd Street*), **Emily Skinner** (*Side Show*), **Robert Cuccioli** (*Jekyll & Hyde*), **Jim Caruso** (Liza Minnelli's at The Palace), **Stephen Bogardus** (*Falsettos*) and more. Among the nearly 90 works he brought to Broadway during his nearly five-decade-long career were *Gypsy*, *Oliver!*, *Hello, Dolly!*, *42nd Street*, *Mack & Mabel*, *I Do! I Do!* and more. In addition to backing some of the longest-running and most beloved shows in American musical theater history, Merrick also helped launch the careers of singer/actress Barbra Streisand, writer/actor Woody Allen, and countless others, and his productions gave some of Broadway's grand dames and leading men their signature roles.
